

AFAAL AL KHALEEJ GENERAL CONTRACTING COMPANY

شركة أفعال الخليج للمقاولات العامة

Quality Assurance Policy

It is the policy of Afaal Al Khaleej Company Ltd for contracting to provide a consistent level of work performance that meets or exceeds the quality standards set forth in this manual. Quality is herein defined as conforming to the requirements and specifications cited within this manual in all matters of construction, fabrication, and material control.

The overall responsibility to maintain the program rests with the Quality Control Engineer and his delegated QC Inspector. Their direct responsibility is to ensure that all Saudi Aramco requirements for this project together with the integral QC procedures and QA Plan are strictly adhered to. The QC Department is authorized to stop any work activity until compliance with the manual is achieved.

The Quality Control Engineer, in his exercise of all functions controlling quality of construction, fabrication and test procedures, shall not be overhauled by any Superintendent or Manager, including the Project Manager, Any disputes or conflicts shall be brought to the attention of the General Manager of Afaal Al Khaleej Company Ltd. for resolution.

Afaal Al Khaleej Company Ltd. shall cooperate and coordinate with Saudi Aramco in all matters relative to the Quality Control Program, and all relevant personnel directly involved in this project shall be continuously kept informed for contract requirements as work progresses.

This Quality Control Program document is binding on all Afaal Al Khaleej Company Ltd. Personnel and shall be followed without deviation.
